3. CDS Adoption for Coastal Fisheries (in progress)

Sustainable Offshore and Coastal Fisheries Development Act

* Processed to the National Assembly aiming for implementation after 2029

Objective

- To enhance control coastal fisheries to deter IUU fishing
- To effectively manage fisheries resources by building DB on fisheries production data

Main content

- Regulates reporting and implementation of matters necessary for the prevention and management of illegal fishing activities that occur during inshore fishing activities.

- **Mandate vessels to report the locations in real-time**
Mandate vessels to report fishing operation, trans-shipment, landing
Designate landing sites, inspect landing
Issue a Catch Certificate and Mandate vessels to submit CC for sales

An aerial photograph of a coastal city and harbor, overlaid with a semi-transparent blue filter. The harbor is filled with numerous ships and boats, and the city is built along the waterfront. In the background, there are mountains and a clear sky. The text "Thank You" is written in white on the left side of the image.

Thank You
